

Grand Valley Society of Architects

**2006 Lunch and Learn Series  
on Sustainable Design**

**PRESENTS**

**GEOHERMAL  
ENERGY:  
A NATURAL SOLUTION  
TO HEATING AND  
COOLING BUILDINGS**

by

Dave Hatherton, President, Next Energy,  
Elmira, ON

**The Focus**

A hands-on, practical approach to implementing geothermal energy for heating and cooling buildings. The new Next Energy office and warehouse in Elmira will be featured and analyzed. Feel free to invite facility managers and your clients to this thought provoking discussion.

**When**

Wednesday April 19, 2006  
12:00 to 1:30pm

**Where**

Wellington County Brewery,  
950 Woodlawn Rd.,  
Guelph

**RSVP**

David Thompson, OAA
