

INNOVATIONS FOR LIVING™

Owens Corning invites you to an Architectural Seminar on the *Principles of Acoustics*.

Owens Corning would like to share with you our solutions to your thermal, acoustical and environmental design challenges.

Topics will include:

- Basic principles of acoustics (Airborne vs. Impact noises)
- Acoustical solutions and STC ratings of common wall and floor assemblies
- Fire resistance designs and ratings of common wall and floor assemblies
- Choosing the appropriate acoustical insulation
- Environmental compliance (indoor air quality)
- New specification divisions, section titles and numbers
- Product/systems compliance to environmental programs (LEED, Green Buildings, GREENGUARD, etc.)
- New product standards

Please join us at:

**Holiday Inn Kitchener
30 Fairway Road South at Hwy. 8**

Wednesday, May 17, 2006 at 11:30 am - 2:30 pm

Lunch will be served. A Course Certificate will be given.

RSVP
